WEDDINGS AT THE CARLINGFORD BREWING COMPANY TAPROOM

You can't get more rustic than our Tain Taproom, here at the Carlingford Brewing Company.

Not only do we have the beautiful Old Mill for wedding celebrations, our Táin Taproom has increasingly become the hotspot; taking it up a notch for intimacy & total rustic ambiance.

If great rustic food is what you're about, then step outside and watch us cook authentic wood-fired pizza from the stone oven outside the taproom. A real 'Wow!' factor for guests. Like craft beer? You couldn't have it pulled any closer! Brewed on-site in our brewery. Of course, a full drinks menu is available and we can provide any alternative catering, such as a barbeque, pig on a spit, anti-pasti picnic platters; you name it!

If it's the evening, or in the cooler months, you can enjoy your food and drinks in the cozy surroundings of the taproom with its wood-burning stove and chilled out vibes. In the warmer weather there is ample covered & heated outdoor seating, set in the mature leafy landscape, overlooking The Old Mill and its picturesque stream.

TIME TO SAY I DO

The conservatory at the Old Mill provides the perfect setting for your ceremony or blessing. Set in the peaceful and tranquil surroundings of what was a 14th Century Mill, the exposed brick walls add a timeless touch, infusing our interior with rustic Irish history and character.

In the background you hear the water cascade across the waterfall which would have turned the mill wheel in centuries gone by.

This is a truly perfect setting to say "I do".

Outdoor ceremonies and blessings can also be held on the grounds.
